## NEWSLETTER

September 2015

Welcome Back Parents and Students!!

We have had a very busy summer here at NSYC but now we are gearing up and getting ready for the new school year! We are really excited to start the new school year with all of you! We are thrilled to see some familiar faces and happy to get to know some new ones!

We've got exciting things in store for our school age child care programs as well as our open gym recreation nights, our open mic nights, and our social skills programs. We hope to see you there!

At NSYC we love to play! As early child care professionals, we understand how important play is to the development of the child. Sometimes we play indoors but while the weather is still nice we will be going outside to play as much as possible so please make sure your child is dressed appropriately.

Thank you for being part of our NSYC Family!!!
